## Recombinant I-309/CCL1, Human(CHO-expressed)

Catalog Number: BK0221-50µg

Source: CHO

Quantity: 50µg

### Description:

Chemokine (C-C motif) ligand 1 (CCL1), also known as I-309, is a small glycoprotein secreted by activated T cells that belongs to the family of chemokines. Human CCL1 has been assumed to be a homologue of mouse TCA3. While the two proteins share only approximately 42% amino acid sequence identity, both chemokines contain an extra pair of cysteine residues not found in most other chemokines. CCL1 attracts monocytes, NK cells, immature B cells and dendritic cells by interacting with the cell surface chemokine receptor CCR8. This chemokine resides in a large cluster of CC chemokines on human chromosome 17. Recombinant Human I-309/CCL1 produced in CHO cells is a polypeptide chain containing 73 amino acids. A fully biologically active molecule, rhI-309/CCL1 has a molecular mass of 15kDa analyzed by reducing SDS-PAGE and is obtained by chromatographic techniques at GenScript.

### Molecular Weight:

15 kDa, observed by reducing SDS-PAGE.

### Purity:

> 98% as analyzed by SDS-PAGE.

### Biological Activity:

The EC<sub>50</sub> value of human I-309/CCL1 on Ca<sup>2+</sup> mobilization assay in CHO-K1/ G<sub>15</sub>/hCCR8 cells (human G<sub>15</sub> and human CCR8 stably expressed in CHO-K1 cells) is less than 1 µg/ml.

### Physical Appearance:

Sterile Filtered White lyophilized (freeze-dried) powder.

### Formulation:

Lyophilized after extensive dialysis against PBS.

### AA Sequence:

KSMQVPFSRCCFSFAEQEIPLRAIL-  
CYRNTSSICSNEGLIFKLRGKEA-  
CALDTVGWVQRHRKMLRHCPKSRK

### Endotoxin:

< 0.2 EU/µg, determined by LAL method.

### Reconstitution:

Reconstituted in ddH<sub>2</sub>O or PBS at 100 µg/ml.

### Storage:

Lyophilized recombinant Human I-309/CCL1 remains stable up to 6 months at -80 °C from date of receipt. Upon reconstitution, recombinant human I-309/CCL1 should be stable up to 1 week at 4 °C or up to 2 months at -20 °C.

### Usage:

This material is offered by USA Bioworld biotech for research, laboratory or further evaluation purposes. For research use only.
