

**NTN1 polyclonal antibody**

Catalog: BS76697

Host: Rabbit

Reactivity: Human

**BackGround:**

Netrin is included in a family of laminin-related secreted proteins. The function of this gene has not yet been defined; however, netrin is thought to be involved in axon guidance and cell migration during development. Mutations and loss of expression of netrin suggest that variation in netrin may be involved in cancer development.
